

THE CURSE OF SWEETNESS

Anastacia Riveras

Hey Lexi Banks, sup for the day, Anything good for Anny today.

Boabe I have a whole day thinking of our upcoming match. U know I'm the Captain so that requires alot. Oh cut it out Lexi I know you are good -- (rubas his head) so why the worry then. Aaaa my head Anny is ever right though. (knocks at the door)

Silence in the room. Zanny walks in

Ooh its u. Yes its me Zanny, you think I don't know whats going on between you two Lexi. I'm not a kid. -- (laughs)

Zanny please cut the drama (pleads Lexi) Ooh don't tell me you are her ^{talking material} ~~mouth~~ -- (sighs) what has she got what does Anny have that I don't. Anny walks over -- silence in the room, Lexi tries to stop her but she plants a light kiss on his lips and tells him love I can handle this. So Zanny see for yourself (speaks Anny) I think you got a whole pair of big white eyes to see that there's no room for you here. So if I were you -- (mocks) I would have cut the drama short. Zanny extends nearer but Lexi cuts between. Zanny tells Anny this ain't over you started it. Anny replies screw you a bitch of a Zanny.

So this leaves Lexi and Anny laughing and Chattering.

Levi Levi!! screams Wendy. Have you checked the notice. You are high listed as the most handsome ^{guy} boy in the whole of Havannah High. Oh Wendy seriously, oh I got the charming looks, the height but I think Wills has it all or perhaps Cranny looks him. (Wendy sighs) Cut the crap Levi, but everyone is like ~~the~~ Levi had to take it he deserves it. Thanks Wendy. So have you seen Anny anywhere? Wendy speaks: Oh your sweetheart - ^{this follows after} is in the volleyball court with Miles the music boy. Wendy laughs: Oh wait the ^{charming king} heartthrob is worried about his girl. Levi swallows the joke, nah I know they are just good friends nothing more. By the way Levi hope you and the ^{vipers} are ready to face the ^{tigers} of Mallory High. U know we have been great rivals for a while now and its just three days left. Levi speaks - oh Wendy thanks for the concern, but I'm all set for it. Wendy leaves.

Bro: don't tell me you have set eyes on Wendy too. U know there are one of the hot babes of Havannah. Levi laughs. Man OJ Anny is the apple of my eye you don't know what she got. OJ asks so tell me that damn secret then.

Levi is like I want to focus on our OJ. Oh silly for you but eyes. So bro now. OJ--- So Anny walk charming ha Anny shows at Havannah tight crotch the prince to grow d He then Levi pulls her Anny. At away an into her Anny As Levi the stair Its of chact on Sat ready Captan to the but dire 6pm

Levi is like I won't set the ball ^{rolling} back, you know we have to focus on our upcoming match between the tigers.

OJ: Oh silly me how did I forget. But bro you know I have to chip in for you but Wendy is really in for you. Levi hahaha... I see it in her eyes. So bro what do you plan on doing. Levi answers... nothing for now. OJ: Somebody is in... Levi replies I don't mean that.

Anny walks in... What am I missing here. OJ replies your prince charming has it all.

Anny shows Levi a tweet of him trending as the most handsome guy at Havannah. Ooh that's my man. Levi hugs her and gives her some tight cuddles then whispers in her ears... and stole the heart of the prince charming. ^{And this follows after} Levi hardly thinks straight when his cock starts to grow down his zip ~~after~~ Anny gives him a kiss on the neck.

He then ^{Silence This comes first} pulls Anny closer and makes her feel his stiffness as he kisses her. Anny. Alone in the library as everyone moves out they get carried

away and Levi unwraps ^{her} Anny's shirt, dips into her bra and finds himself into her ^{tenderly} sharp pointed breasts. He then rubs ^{her} and sucks her nipples. Anny ^{moans} begs for more when she opens her thighs and begs for his skin. As Levi is about to taste Anny's warmth, they hear footsteps down the stairs so they cut it.

Its Thursday morning and the whole of Havannah High is full of chatters about the upcoming match between the tigers and vipers on Saturday. ^{everybody} the students reply

Good morning, good morning Mr. Cleverson. Hope we are all ready for Saturday. Yes Sir. Speaking of Saturday, where is the Captain. Sir here I am. Ooh Levi come on I have to show you around to the new staff members. You know you are not only the captain but you are also our school's C.P and you are the son to our directors Mr. and Mrs. Banks.

So on your right is Mr. Petersburg. He will be the assistant sports teacher. On your left is Mrs. Ingrid. You can call her the doctor.

of English. Then the middle person is the new Music teacher. She is Miss Peterson. ^{Clayson} The Principal Mr. Hougham after introducing Levi to the new staff tells him to organise activities for the students to do since there will be no classes until till Monday.

Levi calls upon the school and tells them there will be no classes till Monday, so he organised for some games for us to enjoy, pass time and not be bored. So among the games we have basketball, volleyball, swimming, horse riding, badminton, tennis. But the footballers are only allowed to be hanging round the pool coz we don't want to record any injuries before our match. You know its a big game since its finals of the ^{high} school tournaments and its between us and our rivals the ^{rippers}.

So people move on to change their attires and Anny chooses the pool over volleyball this time round. So the pool is full of drama since it has Anny, Wendy, Zanny, QJ, Wills, Gary, Levi, Miles, Cynthia, Morgan and the other footballers with the bad side that all girls crush on Levi. Levi pays no attention to the tantrums of the other girls and babies his Anastacia Riveras. ^{he} ~~Levi~~ swims with Anny on his back when doing a breaststroke and swims with her on his chest when doing a backstroke. This leaves a whole topic of the day after Cybo the Cyber boy links the video of Levi and Anny enjoying the water and he tags it triumph of love.

Miles gets out of the pool and grabs his guitar then plays Justin Bieber's love me. Everybody in the pool choruses the song including Levi and Anny. They go on for a lunch break. Levi orders for chic fillet with jacket potatoes, mixed fruit salad and a glass of pomegranate but Anny just orders for Mr. Hougham's special lemonade and grabs herself oreos. Zanny meets with her friends Jess, Pance, Jaimie, Eugene and Faith and they dine together as they

Anny. Anny gives a side look to the girls and whispers the hottest

Friday is full of a lovely and blissful weather ^{And} The pool
today has quite an increase. Everybody is basking under the sun
except ^{for} Mr. Thompson who is ^{busy} running his schedule in the kitchen.

The rich crew ^{gang} move over to the take selfies and that's Levi, Adam

fast on Anny's arrival. He quickly figures out his composure and sets his mind straight but he can't handle the pressure that he has fallen for his best friend. Anny asks Miles if he's ok coz he has been quiet for a while but he just nods his head in agreement. Anny tries to cheer ^{him up} Miles by singing but still he doesn't quite get along with it though. She sits him down, gives him a hug and pats his back telling him all will be well. Just when Anny is about to get up, Jerry finds them and he instantly punches Miles down. ^{he gets so mad} He gets so mad yells at Anny and matches out. Anny tries to run after him but ^{she} gets caught between the lines. On one side is her best friend who is ^{on the ground} bleeding in the mouth and on the other side is her love who is mad at her. She becomes a broken reed because she finds herself in a conflicting loyalty but chooses her love over her friend. Miles notices she's about to leave and approaches her, he apologises to her and wipes off the blood in his mouth. Anny tells him it's ok I have to go find Jerry, coz he deserves an explanation. Miles asks for a minute of her time and before she could say no, he grabs pulls her closer to him and kisses her. She lets go of his arms and gives him a step. Zanny is on the rooftop watching the whole ^{scene} and dashes off her phone to ^{take} the video and it's

a success. Anny quickly runs down her best friend and plans on showing love her.

Zanny sees news. She is to learn on. Anny. Zanny you something beloved kisses has the eric for a while. baby we do hes like ev fails to con big deal j shows her

a success. Anna lets go of Miles arms and gives him a hot slap. She quickly runs downstairs crying her heart out. She feels betrayed by her best friend while on the other side, Zanny, jokes on cloud nine and plans on showing Levy the clip with the view ^{in mind} that he will leave Anna and love her.

Zanny scampers away incognito to tell Levy about the shocking news. She is surprised on seeing Levy devastated and gives him a shoulder to lean on. Levy then pours out his heart to her about the fidelity of Anna. Zanny then tells him, speaking of Anna I think I need to show you something. She pulls out her phone and shows him a clip of his beloved kissing with Miles. Levy can't believe his eyes but he purely has the evidence right in front of him. He tells Zanny to leave him alone for a while. Immediately Anna arrives and confronts him. She tells him baby we do need to talk. Levy tells her not to baby him anymore and he's like everything is clear to him now. He talks to Anna but he fails to control his tears. Anna wonders why Levy would make it a big deal just seeing her hugging Miles but Levy gets his phone and shows her a clip of her and Miles kissing.

Anna tries to explain herself but Levy is in no room to give her his ears. He asks Anna what mess he did to deserve what she has done. Anna tries to cool ^{him} down but he's like what, do you even care, you lost me when you made me a choice to choose between. He tells her, Anna I loved you, but what did I get in return a heartbreak. Do you think you can convince me that nothing is going on after this --- I mean this clip. She tells him her speech is not word enough to express how she feels about him. Levy I love you --- Anna speaks but you have taken this the wrong way. She tries to hold his hand but he jacks off and leaves her alone. Anna is in total confusion and doesn't know whether she should wait or give herself time alone but she finds herself whimpering. She can't afford to lose the love of her life. She thinks Miles did this on purpose so that Levy breaks up with

her because they were the only two people around when the mess happened. She doesn't know that Zanny was somewhere on the rooftop eavesdropping.

Anny attacks Miles and tells him, happy now coz you have ruined my life. Miles I trusted you as a friend, a best friend and you are even like a brother to me but what, why-- why would you stoop so low to this extent. Coz of what --- love --- do you even call this love. Miles hasn't figured out yet why Anny is hyper and bitter so he gets the phone from her and can't just imagine what he sees. He tells Anny he didn't do it and can't stoop so low to that extent. But Anny is not convinced coz they were only two on that day and tells him to shut up. Miles you even have the guts to lie through your teeth. Ooh My God what kind of punishment is this. She then goes to ^{the music room} ~~her room~~ and locks herself inside.

Finally the long awaited day arrives but its dull coz of the weather. Parents arrive and take on ^{their seats adjacent to the field} Mallory High and its members sit on the opposite side. The dancers showcase their talents to entertain the guests and not make them bored coz the game will kickstart at 3pm.

The coaches and their boys from different sides train a little in the field. Mallory High has all its players but its absurd that two key players from Havannah High are missing. Nears has it all that Levy Banks is depressed but they don't know the brain behind his situation and no body knows his wear abards. As for Miles, he appears just 10 minutes before the game starts. It's 3 minutes to the game and Levy is nowhere.

Mr. Spottz the sports teacher of Havannah high organises his team and just when they are about to enter and play, Levy arrives fully dressed with his Captain's arm band on. The game kickstarts and everybody is present. The parents cheer at their children.

Mellory High ^{vipers}

High Miles has no problem with Levy because he can't take the fact often that Levy purely loves Anny and believes Levy is the owner of Anny's ^{area} but Levy has a problem with ^{him} Mellory for invading his territory and wonders what more he has done coz they have always been around each other. These thoughts meddle with ^{him} Levy a lot and he loses his focus. He badly even stays with the ball for a second and this gives chance to the Viper's striker Hardin Armstrong who scores a goal for the vipers. It's almost half-time and the tigers are 1 down to the vipers and Levy is totally a mess. Mr. and Mrs. Banks are wondering what the matter is with their son. They even ask the other students if Levy is ok. Despite the fact that Levy is pissed with Anny, he badly misses her and tries to search her in the crowd but his eyes don't seem to notice anyone like Annastacia Riverast. This worries him a lot and wonders if she's ok. He just hopes and wishes to see Anny's face alone to regain his focus. It's half time and the Vipers have 1 while the tigers are on 7 Zero. Mrs. Spottz is disappointed with the boys and tells them to focus coz first of all they're home so it is a shame

Lery just looks at the crowd and notices the his beauty then ~~give~~ breaths a long sigh of relief. He now ~~comes~~ ^{gets} back to himself and tells his teammates we can do it. Everyone is surprised and they wonder where Lery has got the energy and vibe from. He dribbles past four ^{of the vipers players} people and scores a goal for the tigers. Anny composes a song to cheer up the tigers and the other students crowd it so fast so they make it ^{kind of} like an anthem. Even the parents start singing the song. The tigers feel supported and ^{spin momentum to} play ^{even} better. Lery scores another goal and it's now a draw ^{as he celebrates}. He runs up to Anny and gives her a kiss on the lips. The crowd is like wow... how sweet of them. The tigers get a corner and Lery takes it. Surprisingly it lands just perfect to Miles and he heads it in. The tigers jubilate and they get a late penalty after a foul on Lery. The boys all tell him to take it and he doesn't miss it. The final whistle is blown and the tigers have 4 goals to 2 for the Vipers and Lery emerges as the Man of the Match. They get rewarded, ^{up him} take their medals and trophies. The directors of Havannah High Mr. and Mrs. Banks tell the ^{tigers} that they have something special for them. Everyone is on tenterhooks wondering what the special thing ^{is} and ^{but its later revealed brought to light} they finally speak it out. They ^{Banks family} announce that they will give the tigers 1 million dollars as a sign of appreciation for lifting the school. They call upon their son and reward him individually too. They ~~to~~ ask him to choose a place he would like to go on vacation ^{to} for two weeks and he says Paris. He then asks if he can go along with some friends. They ^{tel} allow him ^{yeah go on} to take five of

your friends. He chooses Willy over Gary. Oh Miles and forgive me
his love. He forgives Miles and I am sure Miles is the one who
gets and scored one. They get their tickets. His parents book
the most expensive hotel in Paris for their only son and his friends.
They arrive in Paris and it's night. Terry and Amy share a room
so Terry is like love do

love to you so you feel my skin inside
of you.
Terry pulls Amy next to him and tells her the whole of me I'm sorry for my harsh treatment
towards you but I found out the truth. Miles told me everything and
he asked for forgiveness and realised the video Terry showed me wasn't
full. Oh so Miles didn't take the video. Amy should me wasn't
Terry. Oh no I was really rude to words him, he deserves an
apology from me. Terry tells her you will apologise to him later
and cuddles her tightly. He is so compassionate to with her. He kisses
her and she is of her own accord. They then slow and romantic music and they
pounded at 90°. He lays Amy down on the bed and feels her warmth
with his finger. He sucks her tender buds and Amy is all asking
for his skin but he tells her not get darling. Amy rubs his cock
and gives it a few strokes. The crew grows harder, longer and bigger
the then moves down to the lower side of Amy, widens her legs
and places his tongue just in between her thighs. He gives her
what is known as bj blow job for full. Amy is now so weak that
she only wants a cock inside her but Terry doesn't rush and wants
her to have the best sex since it's going to be her first time.

He then fires his skin carefully into Amy and has been not to hurt her. He tells her to stop him if it's ^{too} painful for her to handle. Amy bears the pain and she is finally deflowered by Jerry the love of her life. Her stay at Paris is so wonderful full of love, romance and wild thoughts. The trip comes to an end and they were back for school again and every night full of joy and exchange of skin to skin.

But she endures the pain. She twirls side to side on the pillows. Jerry goes slow with her but digs in ^{harder} and she holds him with all her might. She is finally de-flowered by the love of her life. Her stay at in Paris is so wonderful, full of love, romance and wild thoughts and each night of her stay is full of joy and exchange of skin to skin.

The trip finally comes to an end and they head back to their respective homes. Jerry takes his girl up to ^{their} ~~her parents~~ ^{Amy's room} house. He meets and shares a word with ~~Mrs~~ Riveras, after he heads straight home. On his arrival home, he is welcomed with a tremendous entry and given a brand new Lexus new model with his name on it Jerry B. Jerry is so surprised and cries tears of joy. His parents tell him. Jerry you are

our only son ^{and our first born} ^{Sparks that} make us proud that why we have
to give you everything you desire. Your sisters also have
something for you. He reminds his twin sisters Aletha Banks
and Alex Sparks. Those little darlings are a joy to watch
and be with. They don't even give him any gift but instead
tell him to take them to the park to play. The five year olds
are small babies to her since they order him around so her

The park is awesome, the kids are having great time and
getting new friends. her chases after Aletha who is so stubborn
but instead bumps into a beauty, he has once seen when he was
still a young boy and this is none other than Skie Chambers
the daughter to the governor. her's dad is a good friend for
the governor since they share alot in common. She yells and
says watch your step do you know who I am. her tells her
he's sorry he didn't mean to. Skie hears the sweet voice and turns
to check if the voice matches the face and the physic. She's like

stand as an apology. Terry tells her Skie come on it was an accident and I didn't intend it. Also what you are asking for is next to impossible. Skie tells him. Terry with all this beauty of mine you should even be lucky I asked you for a spin. You don't know how many people envy this body and how many minister's sons are dying to pin me down. Terry tells her Skie Well you are beautiful that's evident and you are rich and famous but it's still a no for me. You know I already have a girlfriend and I promised never to cheat on her. Oh really Skie speaks. Well I don't always take a no for an answer and I always have things my way.

Skie reaches home and asks her dad to transfer her to Harannah High. Mr. Chambers is like Skie you know... Daddy... She doesn't allow her dad to finish his sentence and tells him use your powers as a Governor and besides you and the Banks are friends so it won't be a big deal. Mr. Chambers agrees to help his daughter out. He calls for Mr. and Mrs. Banks to have lunch with him. He raises a point and asks if his daughter can be transferred to Harannah High. Mrs. Banks declines and tells Mr. Chambers that his daughter doesn't match to the standards of Harannah. Cox her grades & are far too low. They reach an agreement and Mr. Chambers agrees to tripple the fees so that his daughter may be at Harannah High.

Monday is beautified with lots of expensive cars in the school's parking yard and it's Skie's first day and she arrives late. She arrives in a lavish ^{black} Lamborghini with the chambers name on it and behind her is a mercedes benz with two guards and they have the chambers badge on. The whole school is like wow... what a beauty so rich, famous... infact she's gold herself.

She gets out of the car and her long hair blows behind her and the whole school is like wow... what a beauty... aah she's so rich, famous... infact she's gold herself. Her movements are so classy you may think she just won the modelling contest.

People ask who the hot babe is buth no one has an idea ^{except} ~~from~~ the Chambers' name on the car. Mr. Cleverson comes out to see the commotion and he's also attracted by Skie's beauty. He quickly compose himself and he's like ooh Miss Chambers you are welcome to Hayannah High, I am Mr. Cleverson the Principal so you can feel at home. Since its late I won't be able to show you round the school buth I'm just taking you to your class and I will assign one of the students there to walk you round after class.

Skie is welcomed by Miss Ingrid the Literature and English teacher ^{who then} ~~she is~~ introduced to the other students and Jerry doesn't seem to think straight. He doesn't know whether he's dreaming or not. Skie moves elegantly past ~~him~~ and settles just opposite Anny. She is also really shocked to find another beauty even better than her and for some reason she just feels a dislike for Anny ~~because~~ Anny's beauty is on another level. She's scared coz she won't be getting the attention she hoped for. Its lunch time and students move to the cafeteria. Skie approaches Anny and she's like. Hey I'm Skie Chambers, daughter to the governor of Naska Dorado. Anny is like ooh you are the new girl in our class ryt. Skie is like yaath. So Skie asks her if she can walk her around the school coz she hardly knows any place. Anny tells her its ok so lets start with the cafeteria as we grab ourselves some lunch. You know Mr. Houghman has some delicacies onto his menu. Skie asks who ~~Mr. Houghman~~ ^{is} Anny tells her he is the head chef of Hayannah High. Anny introduces Skie to Mr. Houghman and they order for their lunch. They both order for fish fingers with chips and tartu sauce and grab themselves cold banana milkshake. Zanny and her crew envy Anny coz she normally gets the best things. The two beauties chat alot laugh out loud and Skie tells Anny. You know what I already like it here.

Meanwhile Tony sits ^{lonely} at an angle and watches the mess. He
 doesn't even eat but just grabs himself an iced bottle. He quickly calls
 his mom and asks why Skie is in ^{the school} ~~the parents~~. Mrs. Banks just tells
 him son you know Hamannah is the best school in our area and
 all the performing and students with great talents are transferred here
 so they ^{can} get the best education and Skie ~~conveys~~ ^{is one of those} that's why
 she's here. He asks if the transfer can be terminated but his mom
 tells him no son we can't do anything now cos we have written
 documents and they are signed and besides she's the Governor's daughter
 and our families are tight so we can't break that bond. -- Sorry son
 your mom has failed you this time round. Tony tells her with a
 mom. nothing to do now. He cuts the call and finds his way
 out of the cafe. He is immediately followed by Skie who tells
 Amy that excuse me but I have to give dad a call right now ^{and holds his shoulder}
 to tell him about the situation here. She gets to Tony ~~and~~ he's
 like Skie please get your hands off my shoulder, he removes
 her hands from him and asks her what ^{she} ~~you~~ wants from
 him. She ~~shame~~ proudly tells him I want you. Tony asks her
 why ~~she's~~ ^{is she} here and she says ^{why would someone be in a school to study} ~~remember~~ my promise I
 told you I don't take no for an answer and I always have

She's on something and I'm in to her
I would give my whole life
Just to get you closer to me
Overhead, come on dance

Maybe my way as I used my powers to be here and to
have you. He just tells her you're the answer. It's still ^{my} day
wake up from your dreams, I'm also not as easy as you may
think. She tells him let's go about that and mind you I want
you to lead you can go.

They get into the class after the lunch break and it is
music time. Miss Peterson the music teacher is engaged with some
candle not clearly known so she doesn't show up but her class
uses this opportunity to showcase their skills and talents in music,
dance and drama. They stage a small competition among themselves
where the girls are wearing the hats. The best singers of the school
Amy and Miles were each other to see about voice talents better.
Adam Mills sets the ball rolling when he goes in front of the class
with his girlfriend Phyllis and they do a salsa dance. It is
like words that someone is really high I think Mills feels hot
under his pants right now. Phyllis is quite a good dancer
though shy. She looks at them and she's like it it was me I
would have done it better though the guy is not hot though. She
takes ^{him} little in the top 3 of the contest guys in Hawaiian.

Amy also stands and sings a song she composed with

The whole class is happy except Skie and Zanny. The class is like
they really rock and roll. It's like they are in the movies. How sweet
to watch two amazing beauties with very sweet voices. Lery pulls
Anny and he hugs her from behind as ^{they} sing.

Garry is like wait am I seeing a romantic scene here
like in one of the ^{sapposeras} ~~documentaries~~ hope this is recorded somewhere for
future reference. Cybo cuts in and tells him the journalism in me
let me rest, so everything is in line. Skie asks Zanny the relationship
between Lery and Anny bieh Zanny is also caught ^{up} and moves with the
rhythm of the song. OJ is like wow this is a love theme for sure a
theme of love for sure. Miles claps and everyone else claps for the
couple too. OJ tells Lery --- man a while ago you were like on red
carpet and Sky fakes a smile and congratulates Anny. Everyone
receives a tweet of the lover birds singing and it's trending already.
Skie announces that her birthday is on Saturday and she will
be giving out invitation cards. She's like it will be a pool party
and there will be lots of drinks too. and another thing the boys
are like ooh something is cooking. they start looking girls for a dance.
That's when Skie gets to know that the two, Lery and Anny are
actually the face of the school and their couple is top notch. She thinks
of a way she can ruin this moment or stop the chants coz everyone
seems pre-occupied about Lery and Anny and the chants are annoying
her. So what she does, she calls Zanny and tells her about her upcoming
birthday. Zanny announces to the class and ofcourse Skie has to give
the details so she captures their attention. So my birthday is on
Saturday and I will be giving out invitations and besides everyone

So my birthday is on Saturday and you are all invited and also you will all help distribute the cards to the other students and you can come along with your friends, girlfriends, boyfriends and family members coz it will be massive fun. The big party will be grand and I want everybody to have a blast. We shall engage in some activities like sack race, rope pull, bottle flipping, truth or dare and we shall also have pool party. The aim is to party up to the next day but room is open for whoever wants to add an activity. Miles asks if there will be music. She tells him in fact there won't be only music but the best DJ in town Navy Rexas will be available and we shall also have a few artistes but about the artistes, I will clarify from ~~dad~~ which ~~at~~ artistes are coming. Skie really enjoys to be the centre of attention so everyone starts talking about her birthday instead.

The students go home and embark their parents on the birthday business. They ask for money so they can do their shopping and be really elegant on Skie's bd. Those with girlfriends search for matching outfits. All the social media handles are full of Skie's upcoming birthday. The whole week is about Skie everyone at school is chattering about the governor's daughter and they are eagerly waiting for Saturday.

Its Friday and the students don't seem to be attentive in class. Everyone is focused on the birthday vibes and mark you there's some small party today since its a birthday eve or a pre-bd we can say. The students have fun after classes, beat each other with water balloons ^{engage in a sky walk, rope pull} and have fun to the ^{brill} to Grande designers and that's where they choose their outfit,

burning desire

Saturday is full of vices, and vices and beauty parlours are so busy since people are having their make-up done. Everyone is elegantly dressed on arrival to the Chambers mansion and with them is a gift for the birthday girl, their changing wear, swim suits and attires for other games that were included in the activities of the day. Everyone has settled down except for some few heads who haven't arrived like Leroy, Annny, Wendy, Miles and Gary. Leroy arrives with his Annny and he interlocks his hand on hers. They are smartly dressed in black. They steal the show when they are mistaken by the parents for being the birthday girl and boy. The two are really so beautiful together and they attract the attention of many. It's like as if they are the newly wedded couple. They settle down and the party ensues. Mr. Chambers doesn't seem fine from the insides of his heart. He has got this burning desire arousing him much. He doesn't know whether he has a desire for her or last over Annny coz this is the girl he has been attracted too for a year or two. He ^{has just been} just seeing the beauty over the media and now she appears n't in front of him. He doesn't know whether to approach ^{her} Annny or to remain silent and burn with the desire coz she is a friend ^{and} classmate.

of his daughter. He then gets up and goes to relieve himself. He takes long and doesn't seem to come back. Anny moves aside to receive her married cell. She's in a rush and attempts to move aside from the loud music but instead lands into a man who grabs her wrist and doesn't let her fall. The gentle man is smoking hot with a striking resemblance of Skie. The force of not letting Anny fall leads them in a tight hug and their ~~lips~~ lips almost meet. Anny looks at him straight and she's like ^{you} are you... He then answers --- yes I'm Niel Shayne Chambers --- father to Skie. Ooh you are the famous governor right... Anny asks --- He's like ooh maybe I didn't know about that. She tells him --- sorry for bumping into you --- I will watch my moves next time and then she leaves.

Mr. Chambers is left really confused and he starts to nose bleed. It's actually his weakness coz whenever he sees a beautiful lady and he gets attracted to her deeply like feeling some sort of love for her, he nose bleeds and his wife Shanice knows about this ugly secret of his. He just goes upstairs to his room and pours cold water onto his head, this helps ^{to} stop the bleeding.

Meanwhile, the basement, gardens and pool are full of loud chatters. Everybody seems to be enjoying to the point and Mr Chambers becomes happy as from the look of things, everything is going on smoothly. The ladies and complete perfect gentlemen engage in activities enlisted on their list, so they play abt, compete in the ^{tag of war} rope pull, bottle, falling and now play on their bikini for a pool party. Their sexy bodies are displayed under their bikinis, and that's when Mr. Chambers sees that Anna is really a complete beauty. He just gets a feeling of liking her more and more even more.

They go for truth or dare, the game keeps moving round and round and now Miles is dared to dance to his favourite song. DJ Navy plays the song and he dances. Mills is dared to drink from one of the foam cups and he just gulps ^{the drink in one shot}. Anna is also dared to drink and she's like I don't take liquor but Skie tells her relax. Anna it's just a mojito. Skie adds something to ^{Anna's} drink when everybody seemed busy with the game. Anna takes the mojito but starts to get stomach upsets and doesn't know what's wrong.

Lery too is dared and he drinks, the game of drinking continues and they seem quite drunk. Then Skie is dared to kiss Lery but Lery seems drunk and he's like no way, that can't happen but Skie just kisses him on the lips and she's like relax it's just a dare and of course Anna is not here to see it.

Skie is so busy on phone every now and then and Mr Chambers notices it. He asks himself what his daughter is plotting and he over ^{sees his daughter talking} hears the conversation between Skie and a random man. ^{he doesn't quite seem concerned about it as} Anna is her party anyway. ^{she can't talk to anyone} The poor girl seems drunk, tired and sick so she opts to go home instead to rest.

She leaves the party surprised and almost even felt that his daughter when she speaks and that she has the sweetness of eyes will be again don't let with the she can change so low to herself and says let's see your love. She keeps talking to and said after saying all these words.

Mr. Chambers saw it was necessary to follow Mary for her protection. Meanwhile Mary is attacked by six goons and she is purely naked. She tries to scream for help but they cover her mouth and no body seems to even be passing. She struggles to let herself free but the goons beat her. She is badly beaten and when one of the goons was about to enter her, a figure appears with a masked face. He fights them and they flee away. He then covers ~~her~~ with his coat and drives her very far away as he nose bleeds too. He goes to a mall and buys her clothes, shoes and a ~~phone~~ ^{handbag} then he takes her to the hospital.

Anny finally wakes up and finds herself in a hospital bed with the governor besides her. She tells him thanks for rescuing me I don't even know how I will repay you. He just tells her it's nothing big and ~~just~~ ^{just} really be worried I have to contact her... where is my phone. He tells her soon Anny... I actually didn't see your phone but you can borrow mine and call your mom then I get you out over the day.

She is... I wish I had... but she tell... conversation... and asks us... you ~~the~~ ^{the} are... and I... we don't... why she... day we... over talk... cell her... asks... mom... daughter... brother a... mom... helped in... I will be

She tells him ooh thanks so much you are so caring. I wish I had a dad like you. He asks her about her dad but she tells him --- aah mom is so bitter about that conversation, whenever we ask her about dad she gets mad and asks us --- am I not enough, didn't I do well raising you ^{two} ~~two~~, are you lacking anything --- so that's why my bro and I always keep quiet about that conversation coz we don't want to hurt ^{her} mom, maybe she has her reasons why she's keeping it a secret from us, but I believe one day we shall get the truth. Anyway I'm sorry if I'm over talking matters that don't concern you, let me just call her.

She dials her mom's no and it goes through ^{her mom} she asks --- who am I speaking too --- Anny replies mom it's me. She then says ooh God thank you my daughter is ok --- So Anny my baby where are you --- your brother and I were super worried about you. She tells her mom --- I got into an accident but a good samaritan helped me out --- Riverus is like what --- where are you I will be there rgt now. She tells her mom it's too far

It's a place called Aston City a very nice and rich place to live in.

Riveras gets a flashback coz this is the place she had worst memories of --- She has to go and pick her daughter. She tells her baby give me the address and I will be there.

Riveras boards a plane with her son Tasio to Aston City. She is shocked when she meets Chambers. She asks him what have you done to my daughter. Chambers just tells her Shaylee we meet again? Tasio asks if the two of them know each other. She just tells him, son he's just one of the guys I studied with way back in college. Tasio asks then why is he calling you Shaylee. Are you guys hiding something. She tells him Tasio son, there's nothing and that was just a nickname. --- Mom if it's just a nickname why does it seem to bother you alot.

Riveras sighs and tells her son calm down baby then Anny cuts between and introduces Mr. Chambers to them. --- She's like mom, Tasio meet Mr. Chambers the good samaritan I told you people about. They greet each other and Riveras asks Mr. Chambers if she can have a word with him.

outside to thank him for rescuing her daughter. They match and she tells him to stay away from her family. Chambers is like Shaylee Cruz I've searched for you all my life and I'm glad I've met you today coz I have lots of things to ask you.

Chambers please --- I moved on from that past and I'm sorry I had a thing with you coz I had a burning urge for revenge after Shania my sister got cozy and slept with my husband. That's something I couldn't forgive --- I'm sorry I let anger over

ride me and then it ruined me after my own sister ^{and made my husband hate me} ^{side and he would dance to her tune} planned my death. So Shaylee --- Chambers asks --- ^{is that why you}

ran away and even changed your identity? So tell me ^{is} ~~it~~ ^{my daughter or she's Luciano's} ^{your children my children or they are Luciano's}

Chambers enough is enough --- you are the governor of Wasta Dorado and Luciano Elvas is the president of Aston City and you two were like brothers but where did it end --- coz of what ^{women} ~~was~~ and the worst best is that you shared ^{women who are} ~~feelings~~ ^{and they} ~~and~~ sisters --- that is something that keeps eating me up even if I changed my identity.

How can my own sister sleep with my man who happens to be her husband's best friend and now me I ran into your embrace to cry my eyes out and what happened --- I still can't forgive myself. We tried to raise my kids without

a father but they are demanding to know ^{who their father} ^{when their father also wants to kill me} is --- how do I even start to tell them. Chambers is like Shaylee

^{tell me} ^{they are my kids please} ^{but she instead asks him} ^{me that they are both Luciano's kids} ^{she keeps quiet and instead asks him about} ^{about his family and Shania tells her} ^{--- we are ok and}

we have three kids; that's Skie, Sherry and Nathan but he ^{was at the back of his head} that Skie is not his real daughter coz he did a private DNA with her and found that she is more ^{other than Luciano Elvas's daughter}

He then asks her how about you and where is Phil Elias your son. She tells him I had to leave Phil with his dad coz he had gotten fond of him and he is Luciano's firstborn. ^{He asks her...} ^{Shaylee don't you think the kids deserve the truth, like they should know who their father is...} ^{Chambers asks...} ^{So this is the father of Anna and Peter.} She gives a deep sigh and tells him my kids and I are ok with a man with a fucking pair of trousers besides us. So please I'm sorry about this encounter but we have to leave.

Mr. Chambers is concerned and he doesn't know if he is Anna's dad or not. He then gets a second thought that if Anna is the president's daughter so that leaves them as sisters her and Skie. He just whispers to the doctor to get Anna's ~~sample~~ for a DNA without anyone's notice not even her herself. The results are out but he is not a match so Anna is Luciano's daughter. He sees history repeating itself on the girls now who seem to have fallen for the same guy Kerry.

On one side is Anna the victim, so humble like her mother and on the other side is Skie the villain just like her mom and these are sisters who are daughters of sisters who loved one man and bore kids with him.

This leaves Chambers concerned and he doesn't know whether Anna is his daughter or she's Luciano's but then he doesn't also seem to understand why would Shania plan to kill her own sister and even drag Luciano to the plan. What is Shania hiding and how did she manipulate Luciano to be dancing to her tune.

Now that Skie is in Hawaii, Anna needs extreme protection coz Skie seems to have developed hatred for her but then how will he convince Anna's mom to leave the country and move to the states. He gets an idea... goes to Anna's page and chats with her online. He asks Anna for her mom's ID's coz they have some unfinished

business that they really have to complete. She
doesn't hesitate and gives out her mom's no.

He dials it and talks to Riveras in a soft and
polite way. He tells her we need to talk but Riveras
declines. He tries to convince her and he's like... Shaylee
please a while ago you talked of a really touching story and
I seem affected by it too. So maybe we can be partners
and try to overcome the problems. She tells him stay...
enough with the explanations and please drop Shaylee for
Riveras and I'm serious about it... I would rather you
called me Riveras so where should we meet at... He
tells her... ah I leave that for you... so maybe you know
of better chill outs or maybe hideouts... She tells him okay
meet me at the Popsits at 1:00pm.

They meet at 1:00pm sharp and Chambers keeps
his word, he doesn't get late. So Chambers... what's that that
bothers you a lot that you couldn't wait... Aah okay let me
catch it out... At Back at the hospital... you talked of Shandi
planning your death and she dragged Luciano also to it so
right now I also seem bothered about it coz why would Shandi

want to kill you. - Is there anything I need to know coz your
facials tell you are hiding alot.

Chambers I know Shania is your wife and there
are lots of things about Shania you need not to hear about.
So its a long story and very hurting and painful. First of
all Shania is not my real sister. - Chambers is like - wait
wait - what do you mean Shania is not your sister. - Okay
it was one stormy night. - dad and mom were moving and then
they find this little girl crying outside the cold. - She was actually
thrown in the garbage. - so mom and dad decide to move her in. -
they take the case to police but nobody came to pick up the
child so they decided to adopt her.

Chambers tells her okay I get it now so thats how
you guys became sisters. - okay theres way more to go. - tell me
about it. - Now when we were grown Shania learned that she
was adopted. - I don't know how she found it out. - but from
then she started beefing me. She thought I was loved more than her.
She actually grew to hate the whole family including the hands
that fed her. She moves out of home and leaves her life as a
loner.

She actually even tried to change dad's will she had changed everything to her name but when dad found out... she started an accident for him. She had meddled with his car so he would die in a car accident but then our little brother took the ride with his girlfriend without our dad's notice... so we just to and that's how she lost his life... I'm not giving you full details coz it's really a painful experience for me.

Sharia didn't only end at that... She induced some poison into dad's skin and he became paralysed... He fell so sick so when we tried to treat he went into coma and for eighteen years now dad has still not woken up... I have someone watching over him as I'm still searching for a medicine man... coz many treatments have tried but they just told me that it's a curse spelled on him.

Sharia actually thinks dad is dead. What a piece of shit, this is really touching... how are you able to live with all this pain and even raise two children on your own. I'm really proud of you and as for me my life has been a lie... I've lived with a pathetic lie, a sadist and a murderer in my house and we even have kids together.

Chambers that's why I didn't want to tell you... but there's way more you have to know... So after silencing dad of course he was of no use now... she was now controlling the house coz mom was pregnant heavy and was due to deliver and it was a baby boy... but what did Sharia do... she sprinkled some liquid into mom's face that turned her eyes blind... so mom could hardly help herself and on that very day she drove me to a forest and tied me there so that I could be eaten by the wild animals. So she comes back and burns the house with mom inside... so mom perished in the fire with her unborn.

she decides to get my man and make him hate me... That's why
I'm not annoyed with Luciano coz I know he's also under a

Ooh My... Riveras I'm really sorry for what you have been
going through. Now talking about it my patience is really running low.
like how on earth can someone be this heartless... for what... what
do they even achieve. Or is there some kind of medal awarded for
recklessness. How did I even end up with this kind of devil.

Chambers relax I can feel your pain but there's even
more to this. I wanna show you something that nobody has
ever known not even my kids Anny and Taio. Well let me
spill it out. You see this big scar on my thigh is a result from
the accident. What accident Chambers asks. Well it was one Saturday
afternoon on the 5th of April, my kids and I were having a family
trip to Miami and then there was this big truck that came
across and ran into us. The kids passed out but for me I was
heavily injured I actually thought I would be amputated but
still I fought to get my kids out. I had given up on life and I
was on the verge of dying - so all I wanted was to pull my
kids out. But we later got help and I was also removed. Immediately
they got me out of the car - the car caught fire and burnt to

ashes. I don't recall the whole scene coz I also passed out...
 so all I recall is that my kids and I were brought to a
 hospital. When I woke up, the doctor said someone came looking
 for me and she was none other than Shaniah. So I made
 a deal with the doctor to tell Shaniah that I am brain
 dead in case she showed up again and that's what she was
 told.

And you can't believe what she spoke after hearing
 the news. She was like I've finally succeeded in killing you
 and no body will ever think that accident was staged... how
 sweet to die. I swear I felt the pain... her words really
 hit me on the insides... that's why I changed my identity
 and my kids identity too coz they were really toddlers they
 couldn't remember a thing... Amy was barely two and as for
 Tais... he was just six months old... So all this time I've
 been living in the dark.

Oh no... Riveras... how... I can't even hold back
 my tears. You have really passed through pain. I'm sorry
 I couldn't do a thing about it but now that I know I have
 a plan. Oh really Riveras asks... spill it then. Oh this is

how it goes. Since our children are friends, this even means
your meeting with Shania. So I've already got you a place
in LA so you can move with the kids as we plan our
next move. Ok chambers we shall start with the preparation
meanwhile let me get home before the Army gets back.
